man is born free. helping him remain a free individual is a role the educator assumes. however, formal education can only provide frameworks of freedom. it is within the individual that freedom actually rests. our hope is that the students of monte vista continually practice freedom - the freedom to choose, to err, and to act with responsibility.

we should set our individual goals and work toward them with patience - freely following our hearts.

"why are we in such desperate haste to succeed and in such desperate enterprise? if a man does not keep pace with his companions perhaps it is because he hears a different drummer. let him step to the music he hears, however measured or far away." -thoreau

Fellow Students,

It is with much thanks, a bit of sadness and bright anticipation of the future that I close this, my last year at Monte Vista and my term as your president. Thanks to my Lord for affording me this experience and the ability to carry it out, and to you, the students, for the opportunity to learn and work with you. I have been able to return some of this to you. There is also a bit of sadness at the end of the year. We have all made many friends and acquaintances and here, for many of us, our paths must part. However the memories and the imprint our lives have made on each other will always be with us. Graduation also holds much anticipation for me. I look forward to the coming years and putting to use the skills and knowledge I have learned here. I'm sure they will aid me in my goal of serving my Lord through serving my fellow-man.

Just another word of thanks to you, the students, for this wonderful experience.

In deepest gratitude,
Tom Johnsen

A.S.B. President

A.S.B. VICE PRESIDENT

Dear Students;

The year of 1966-67 is now a part of Monte Vista's history and as such it will live forever in all of our memories for the rest of our life.

To have served as Vice-President of the student body has truly been both an honor and a pleasure. Words alone can never express how grateful I feel toward you, the student body, for allowing me this opportunity.

I must also give a special thank-you to every cabinet member for the valuable assistance they gave to me during Tom's absence.

I would like to wish each member of the student body the best of luck in the future and I pray that we may always have the strength and courage to meet all the challenges that will be set before us.

Sincerely,
Chuck Horn

Our Student from Germany

If one wants to understand a foreign country then it is not enough to study it in books. He has to learn the language and then live in that country for a while — not as a tourist but like a native-born.

That is what I have done; and I have found a nice place to live and to study. Monte Vista has proved to be a good school, with all its activities, its teachers, and last— not least — its friendly and helpful Student Body which has secured the success of my stay from the first day to the last.

Thus I hope that you also have had great benefit, have had a chance to meet a foreign boy with all his strong and weak sides. I hope you can affirm this sentence: The people are the same all over the world. Make it a tradition to have an exchange student at Monte Vista. That is what you can do for the understanding of the world and the peaceful life of nations.

I'll never forget MV
John

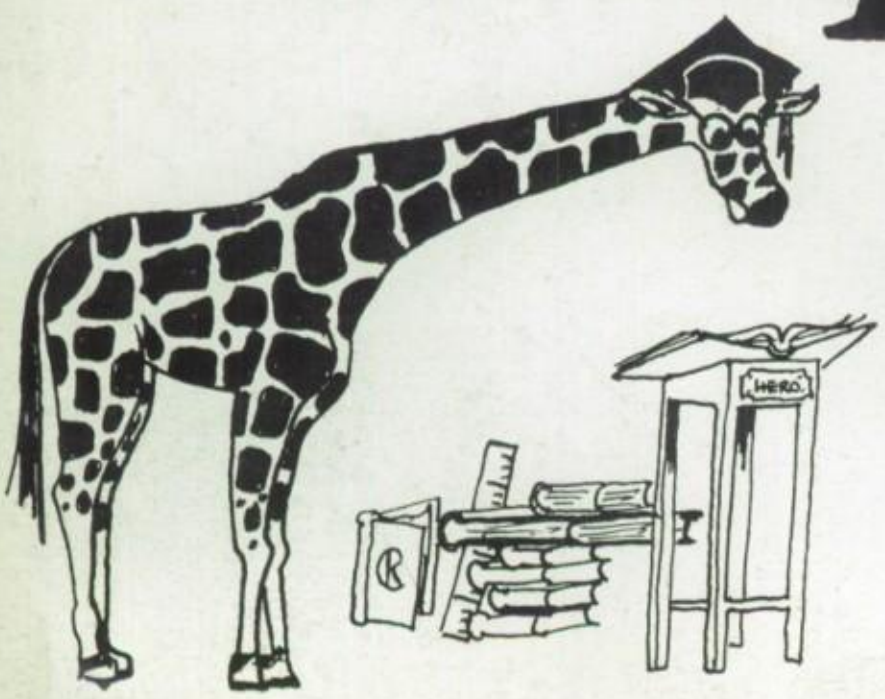
JUNE '66 SEMESTER

California Scholarship Federation



CSF

The movement culminating in the California Scholarship Federation was begun by Charles F. Seymour in 1916. In that year he organized a scholarship society modeled after that of the Long Beach Polytechnic High School. The purpose of CSF is to foster high standards of scholarship service, and citizenship on the part of students of the senior high schools of California. It is the one obligation of CSF to stimulate students not merely to strive for high grades but rather to aspire to do the best possible preparation for advanced training and for life.

Creative Writing Club

The Creative Writing Club is designed to improve and execute natural writing ability. Monte Vista's first Creative Writing Club stands behind its purpose to help interested students further their writing talent. Club members will participate in different writing contests in order to vie for writing scholarships. This club also intends to publish various Monte Vista students' short stories, essays, and poems in magazine form.

Thespians - Troupe 1696

Thespians is a national honorary dramatic society; they have troupes in every state of the union and several foreign countries. On Saturday, December 3, 1966, Monte Vista High School initiated their eight charter members after the last performance of the fall play **Night Must Fall.** In order to qualify for membership you must have in a minimum of one hundred hours (ten points) in plays or related activities. These points may be earned by playing a role, working on a crew such as sound or make-up or working on a house function in publicity or sales. Each job is assigned a point value by the national organization and these points are awarded by the director at the end of the run of the play. They are cumulative throughout the four years of high school. The aim of the group is to promote a greater interest in dramatics by attending plays and participating in other activities.

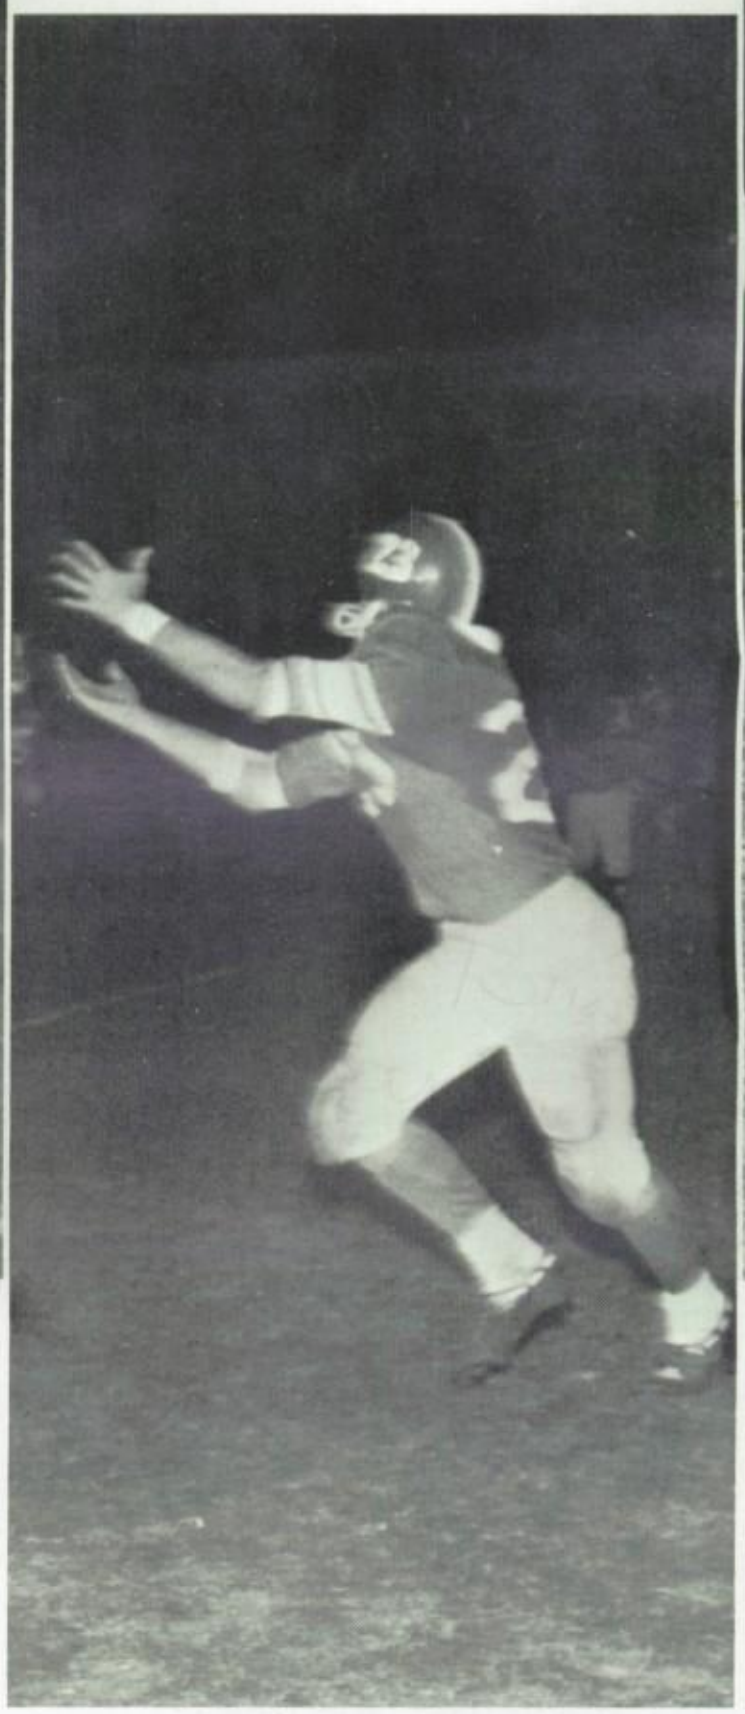
Football



With their backs to the wall most of the season, this year's Mustang eleven accepted the challenge and met team after team with little else than grit and determination.

As the season developed so did the Mustang team and served notice to the Suburban League, by season's end, of future powerful football teams.

Over all I am looking forward to a very exciting year in water polo next fall.

The swimming team has greatly improved with the addition of new and more experienced swimmers.

I feel that as the season progressed we had developed even more. With the eventual development of a pool, Monte Vista appears to have the potential of becoming a top swimming school.

Country

The Monte Vista Cross Country team had a very enjoyable season. We had a win-loss record of 4-4 in both Varsity and Junior Varsity. A surprise win over Mayfair High School (27-28) and a poor showing against John Glenn High School (15-40) were some of our ups and downs, but we did come out with a tie for third in the Varsity and a surprise second in the Junior Varsity in the League finals.

The team was very spirited and they were very eager to work hard. I am sure with a little bit of luck and the same aggressiveness we will be a hard team to beat next season.

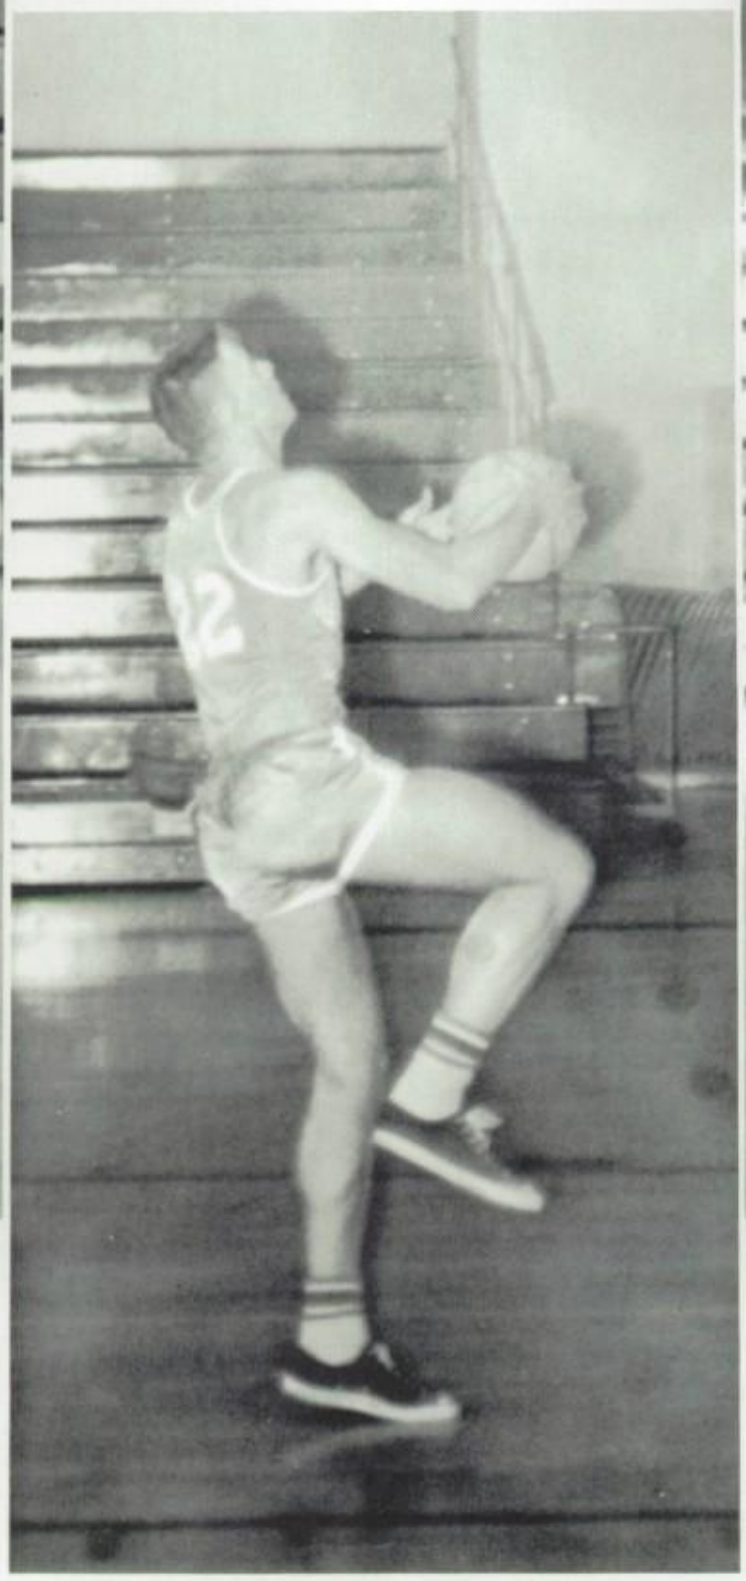
Basketball



The 1966-67 Cage season for the Mustang Varsity proved to be a frustrating one, as the squad lost five of their games on a total of only seven points. Their final league slate was 3-9. Highlight of play was the triumph over League Champs, La Serna.

Junior LeRoy Smith gained top honors as he was selected to represent Monte Vista on the All-League club. Jeff Reynolds was presented the Outstanding Basketball Award for 1967 and was also elected team captain.

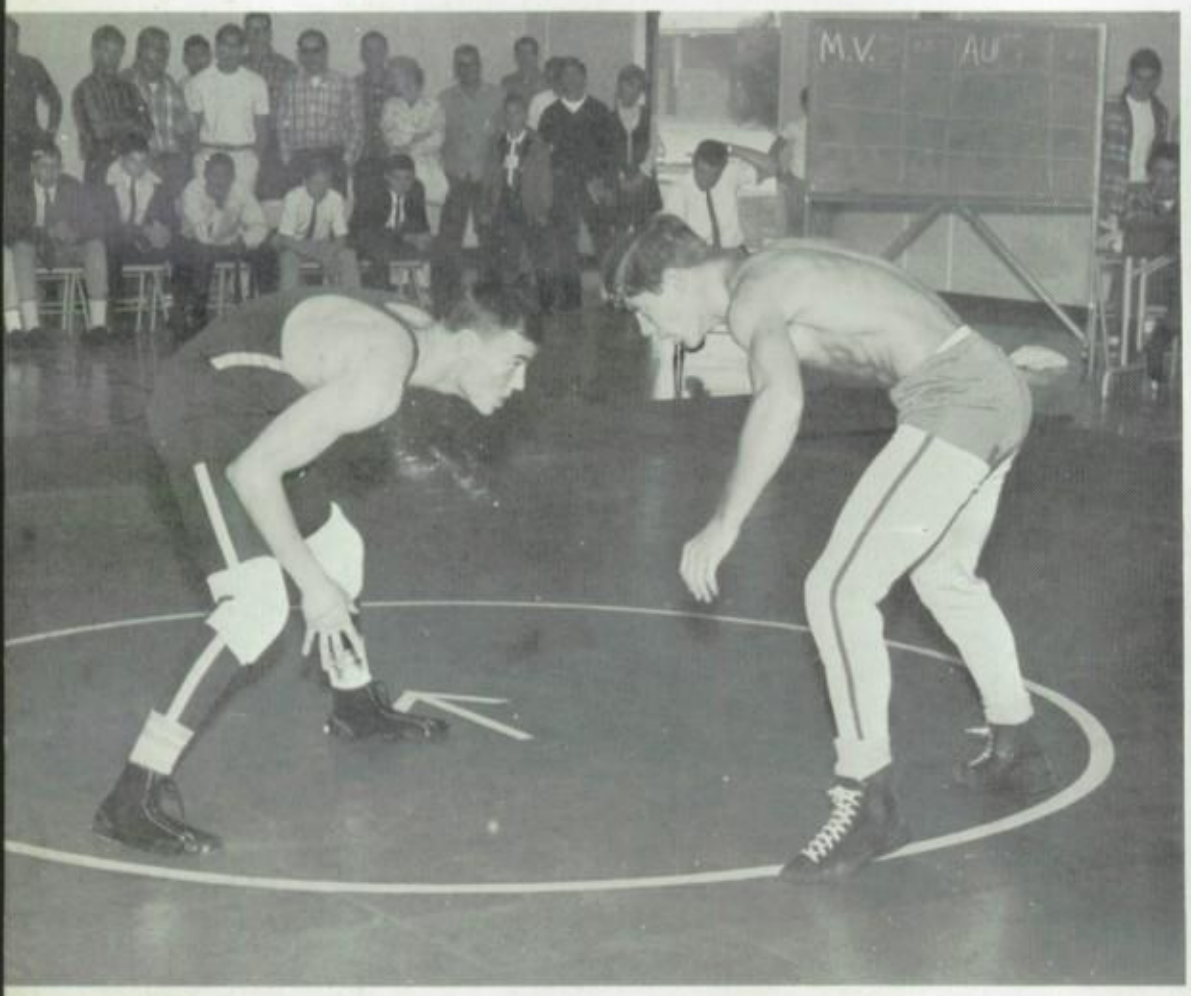
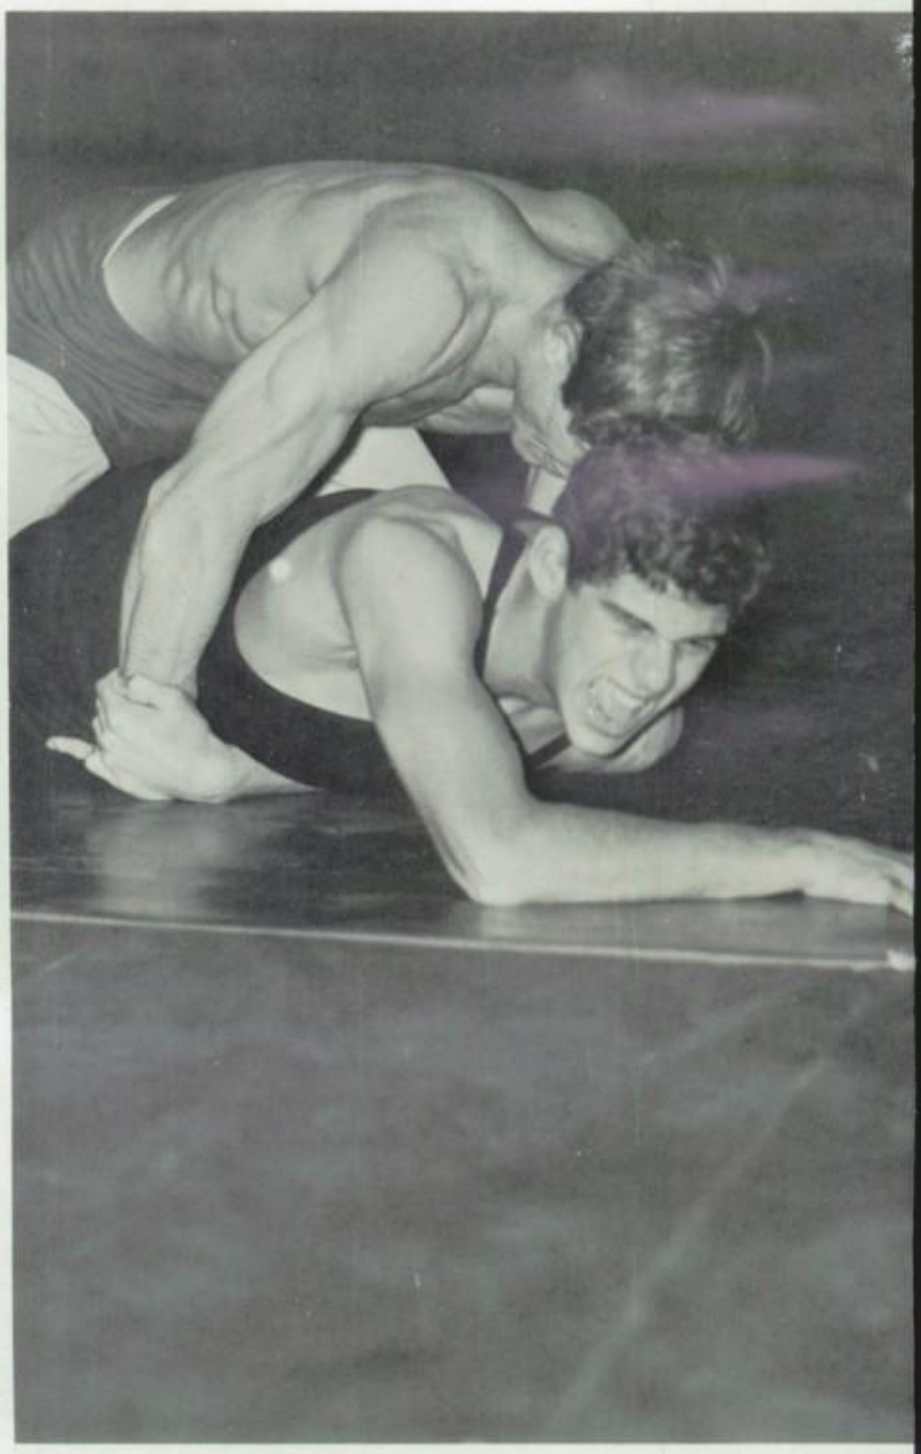
Wrestling





Mr. Robert Jackson
J. V. Coach

I believe we had a successful season when you consider that ten of the thirteen Varsity wrestlers were either first year wrestlers (seven) or up from Junior Varsity (three). Our over-all record (5-7) —although not impressive—was not a true indication of our teams' potential since several matches were lost only by a few points. Our League record was three wins and three losses (third place). With six Varsity and Junior Varsity wrestlers returning next year we should have an experienced team that will be trying to improve on this year's record.

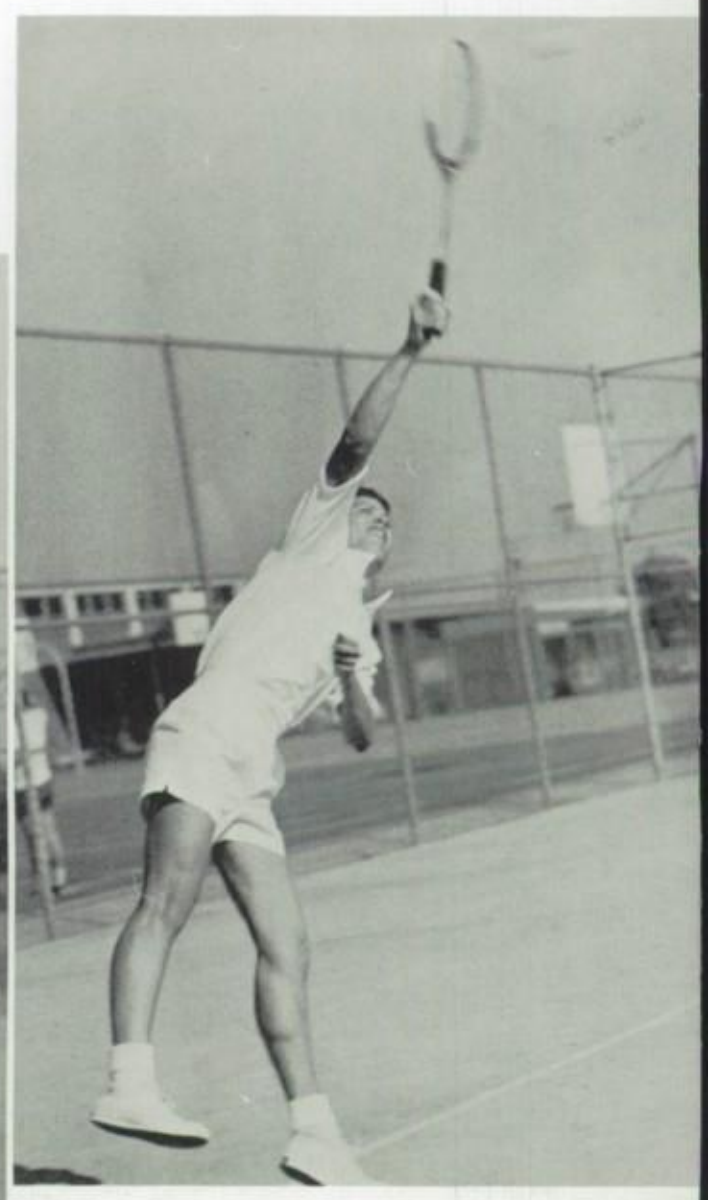
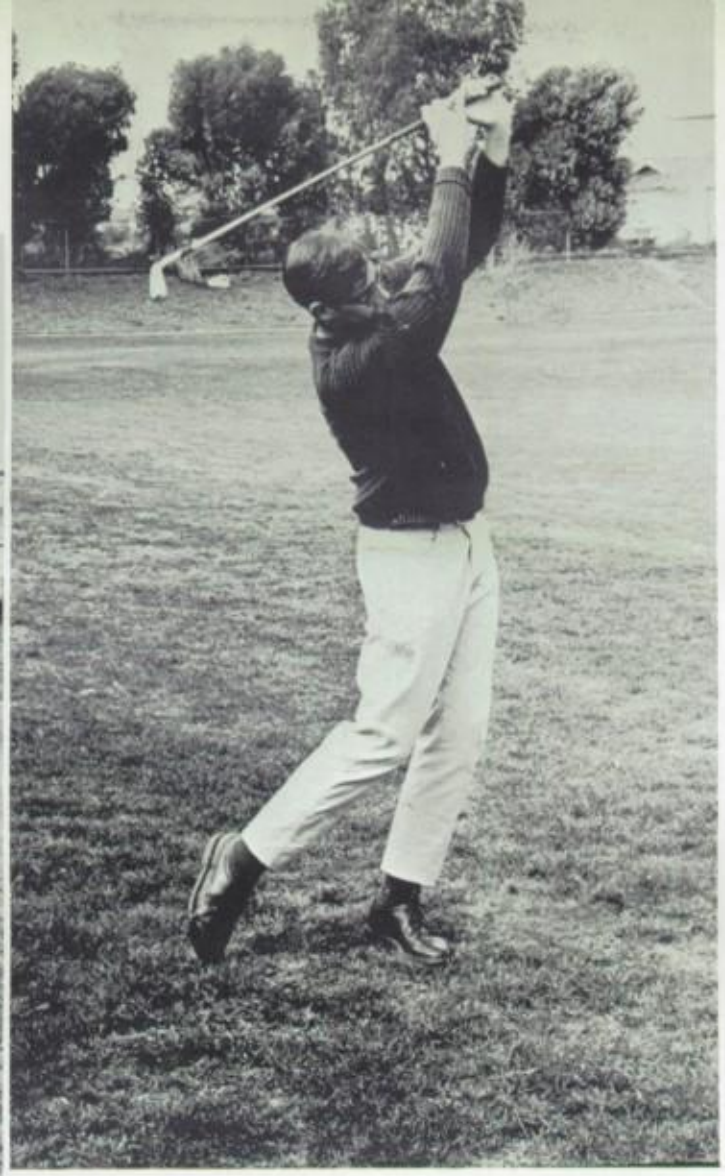
tennis





We had five returning Lettermen from the 1966 Varsity Golf team. They were: Jack Spradlin, captain; Jeff Reynolds, Paul Polder, Bill Emslie, and Jim Watterson. With the addition freshman Bill Hawley, and junior Bill McDonell the team proved to be even stronger than last year's team which finished third in the Suburban League.

Mr. Bill Ballew
Head Coach

The keystone of this year's tennis team seemed to be their intense desire to prove to the Suburban League that the Mustang Racqueteers were not to be denied the coveted championship. With this uppermost in their minds, they met every challenge with determination and team spirit. Having to face very stiff competition from our own sister schools in the league only heightened our determination. As the season rolled on, the team gained the respect of all their opponents, represented the school, themselves, and the sport in a superb manner, and completed the season with a promise of bigger and better years to come.

Congratulations to the graduating seniors and best wishes in their future endeavors. Also a sincere thanks to the undergraduates for their contributions to the Monte Vista High School year of 1966-67. It has been an active and stimulating year of accomplishments.

It is a real pleasure to be associated with this fine Monte Vista student body. Your friendliness, loyalty, and dedication is a tribute to your homes and parents and reflects the joys and benefits of living in such an outstanding community.

The fruitfulness of your years at Monte Vista can be measured in numerous ways. A good measure will be the fulfillment of a happy, productive, and purposeful life. Social awareness, positive attitudes and the development of standards and goals are areas that we hope have been nurtured at Monte Vista High School. Your years at Monte Vista will also give you memories of pleasant associations. These memories will last a lifetime, and can be brought into focus in the years to come by looking through these pages.

Our Thanks

Producing a yearbook is an enormous group effort. Although the ultimate responsibility lies with the members of the staff, our work depends on the help and co-operation of every student and staff member at Monte Vista.

There are some, however, who merit special thanks. Joe Micalizzi, although not a staff photographer, covered many games and activities, contributing many excellent photos. Many of the illustrations in Organizations were the effort of John Ponce who spent hours helping us meet deadlines. Mr. Darwin "Andy" Anderson, of the J. Edmund Watson Studios, who took most of our photos, became a very familiar figure on campus. More than a photographer, Andy became an advisor and a friend.

Janet,
Thought I'd get
someplace nobody's
ever been before.
See ya next year,
have fun this summer
Love,
Colin
